ENTRY IN THE INTERNET FAIR CATALOGUE ON THE WEB PLATFORM

Deadline: 15.11.2021

FORM

3

We provide the Exhibitors with an application, the main purpose of which is to enable the largest possible group of interested people to reach the fair event and to facilitate movement and gathering business information during the fair event. Your trade fair offer will be available in the application in real time during the fair, and after the end of the fair, additionally on the web platform, extended with a virtual walk around the fair. It will be available until the next edition of the fair.

The basic free version of your listing includes:

- entry in the catalogue of exhibitors (list of exhibitors); including the full name of the company, address, telephone numbers, e-mail, website;
- placing the exhibitor on the map of the Fair;
- marking the stand on a virtual walk around the Fair;
- company profile on the superexpo.com portal- the possibility of presenting the offer by adding products, information about the company and multimedia.

1. EXTENDED PACKS FOR ADDITIONAL PRESENTATION IN THE APPLICATION AND ON THE WEB PLATFORM:

BRONZE PACK	SILVER PACK	GOLD PACK
<p>BRONZE PACK includes:</p> <ul style="list-style-type: none"> • entry in the catalogue of exhibitors (list of exhibitors); placing the exhibitor on the fair map; • access to the Expo Connect sales application; professional virtual stand; • marking the stand on a virtual walk around the Fair; combining a virtual stand with a virtual walk around the Fair; • 2 product markings on a virtual stand; personalized QR code with the name of the exhibitor and 2 products; • access to the company's profile on the superexpo.com portal: • allows for the presentation of the offer by adding products, information about the company and multimedia; • allows you to build content in the Expo Connect mobile application; • there are photos of the stand and a virtual walk around the stand, thanks to which the user can recall the products that he talked about during the fair; • each exhibitor can add photos, descriptions and videos to the products that he presented at the fair and all that he has in his offer. This enables you to make a good and informed purchasing decision; • builds the company's exhibition history. 	<p>SILVER PACK includes:</p> <ul style="list-style-type: none"> • entry in the catalogue of exhibitors (list of exhibitors); placing the exhibitor on the fair map; • access to the Expo Connect sales application; professional virtual stand; • marking the stand on a virtual walk around the Fair; combining a virtual stand with a virtual walk around the Fair; • 5 product markings on a virtual stand; personalized QR code with the name of the exhibitor and 5 products; • access to the company's profile on the superexpo.com portal: • allows for the presentation of the offer by adding products, information about the company and multimedia; • allows you to build content in the Expo Connect mobile application; • there are photos of the stand and a virtual walk around the stand, thanks to which the user can recall the products that he talked about during the fair; • each exhibitor can add photos, descriptions and videos to the products that he presented at the fair and all that he has in his offer. This enables you to make a good and informed purchasing decision; • builds the company's exhibition history. 	<p>GOLD PACK includes:</p> <ul style="list-style-type: none"> • entry in the catalogue of exhibitors (list of exhibitors); placing the exhibitor on the fair map; • access to the Expo Connect sales application; professional virtual stand; • marking the stand on a virtual walk around the Fair; combining a virtual stand with a virtual walk around the Fair; • 10 product markings on a virtual stand; personalized QR code with the name of the exhibitor and 10 products; • 5 additional HotSpots (movie, info); • access to the company's profile on the superexpo.com portal: • allows for the presentation of the offer by adding products, information about the company and multimedia; • allows you to build content in the Expo Connect mobile application; • there are photos of the stand and a virtual walk around the stand, thanks to which the user can recall the products that he talked about during the fair; • each exhibitor can add photos, descriptions and videos to the products that he presented at the fair and all that he has in his offer.
